## EXAMINER'S AMENDMENT

### *Continued Examination Under 37 CFR 1.114*

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/2/2004 has been entered.

The applicant's response filed 9/2/2004 to the Office action has been entered. Claims 1-53 are pending

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Bruce D. Grant on 11/12/2004.

2. The application has been amended as follows:

Cancel claims 23-53.

3. The following is an examiner's statement of reasons for allowance:

Concerning claims 1-22, no prior art has been found teaching or suggesting the primer comprising the second region containing the 3' end of the primer including a free 3' hydroxyl and a selectively chemically cleavable site in which the 3' end is extendable and the selectively

chemically cleavable site comprises a modified sugar or a chemically cleavable group incorporated into the phosphate backbone.

The closest prior art is the reference of Hiatt et al. (5,763,594, issued June 9, 1998). Hiatt et al. disclose a method of synthesizing oligonucleotide. Hiatt et al. do not disclose the oligonucleotide has 3' end including a free 3' hydroxyl and a selectively chemically cleavable site in which the 3' end is extendable and the selectively chemically cleavable site comprises a modified sugar or a chemically cleavable group incorporated into the phosphate backbone.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
